# STATE PATHWAYS TO RECOVERY INITIATIVE

## Notice of Grant Opportunity – FY 2022

### Department of Labor and Workforce Development

#### Notice of Availability of Grant Program Funds

**Take Notice** that, in compliance with N.J.S.A. 52:14-34.4 et seq., the Department of Labor (hereinafter “the Department” or “NJDOL”) regularly publishes on its website, at <https://nj.gov/labor/>, all notices of fund availability pertaining to Federal or State grant funds which may be awarded by the Department. The notices of fund availability may be found on the Department’s website under the heading “Public Notices” and the subheading “Notice of Availability of Grant Program Funds.”

#### A. NAME OF GRANT PROGRAM

State Pathways to Recovery Initiative continuation is a competitive grant offered by the Department of Labor.

#### B. PURPOSE FOR WHICH THE FUNDS WILL BE USED

Grant funds will be awarded to successful applicants responding to this competitive Notice of Grant Opportunity (NGO). The purpose of State Pathways to Recovery is to provide continuation funding to current grantees to implement training opportunities, career services, supportive services (for example, transportation, childcare, clothing, driver’s license restoration) and employment for individuals whose workforce conditions or trajectories have been impacted by the opioid epidemic in the following counties: Atlantic, Camden, Essex, Hudson, Middlesex, Monmouth, Ocean, Passaic and Union counties.

For purposes of this grant *impacted by the opioid epidemic* is defined as an individual who has a friend, family member, or personal history of opioid use.

This grant seeks to deepen the network of employment supports for those affected by the opioid epidemic. It seeks to improve opportunities and incentives for opioid-impacted individuals by providing basic skills instruction, workforce readiness (employability skills) instruction and work experience which will emphasize re-entry into the workplace. The program will seek to facilitate effective transitions by the targeted population into employment and retention.

#### **Mission of State Pathways to Recovery**

NJDOL is proposing partnerships and workforce development activities in:

Atlantic, Camden, Essex, Hudson, Middlesex, Monmouth, Ocean, Passaic and Union counties. These counties have been selected due to increases in: 1) Overdose deaths; 2) Demand for treatment; and 3) Opioid admissions and Naloxone administrations.

Additionally, the geographic, cultural and economic diversity of these counties will enable NJDOL to develop best practices and procedures that could be utilized to help combat the opioid crisis statewide.

Pathways to Recovery will provide opioid-impacted populations with the opportunity to learn and practice the skills necessary to be successful in the labor force. These efforts will assist communities across New Jersey to strengthen services and promote recovery through employment and retention of opioid-impacted individuals.

### **Goals of Pathways to Recovery**

This competitive NGO is being made available to accomplish the following goals:

- Facilitate community partnerships that are central to overcoming the employment effects of the opioid crisis;
- Ensure, per participant's Individual Employment Plan (IEP), the timely delivery of appropriate and necessary career-training, and support activities to dislocated workers (including dislocated homemakers), individuals temporarily or permanently laid off due to the opioid crisis, long-term unemployed individuals, and self-employed individuals who are unemployed or significantly underemployed as a result of the opioid crisis including individuals in these populations who have been impacted by opioid use, to promote successful reemployment;
- Design and provide employment and training activities for the targeted population to increase unsubsidized employment opportunities and retention as a result of grant supported activities;
- Create temporary disaster-relief employment geared towards placing eligible participants in positions that allow participants to engage in temporary addiction recovery, and peer counseling jobs, as well as gain the necessary work experience and on-the-job training needed to obtain either addiction, prevention, or mental health certifications. For example, Certified Peer Recovery Specialist (CPRS), Certified Recovery Support Practitioner (CRSP), or Community Health Worker (CHW) Registered Apprenticeship program;
- Design career pathways to in demand professions, as well as develop ties to employers, that directly impact or help combat the opioid crisis, such as addiction treatment and mental health counselors; and
- Transition eligible participants into one of the following professional fields that could impact the opioid crisis or its underlying or complicating causes, including: addiction treatment and related services: pain therapy and pain management services that could reduce or prevent dependence on prescription painkillers; and mental health care treatment services for disorders and issues that could lead to or exacerbate opioid abuse and addiction.

### **C. AVAILABLE FUNDING**

The amount of funding available for this program in Fiscal Year 2022 (FY 22) is estimated to be \$3,065,924 and is contingent upon the availability of the Governor's Discretionary Opioid Funding. The maximum award is \$450,000. The grant period is estimated to begin June 1, 2022 and end May 31, 2023. **All Federal Pathways to Recovery funding must be exhausted prior to utilizing Pathways to Recovery continuation funding (awarded in this NGO).**
